

Специалисты КГТУ приглашаются к участию в 5ом Международном Форуме Американского Общества Технического Образования (ASEE)

Do you have a paper that addresses international engineering education? Consider submitting to the 2016 ASEE International Forum!

The International Forum brings together engineering professionals from academia and industry from around the globe who are engaged in novel engineering education initiatives to share information on successful models, experiences and best practices.

The 5th Annual ASEE International Forum will be held in New Orleans, LA, Saturday, June 25, 2016, immediately preceding the ASEE Annual Conference and Exposition.

There are many new enhancements to the Forum in 2016!

All accepted papers for a paper presentation will be indexed in the *new* ASEE PEER repository at <https://peer.asee.org/> and in SCOPUS at <http://www.scopus.com/home.url>.

Can't travel this year?

Submit your abstract to the virtual presentation track! For a registration fee of only \$200 you can submit, send us your video presentation and your paper will be included in the proceedings and indexed!

Can travel but don't have a paper to submit?

Come to hear numerous papers addressing international education and the three plenary speakers discuss:

- International accreditation by the Accreditation Board for Engineering and Technology (ABET)
- How you can become involved in international activities by the United Nations Education, Scientific and Cultural Organization (UNESCO)
- Student activities in other countries by the Student Platform for Engineering Education Development (SPEED)

Call for Papers

Members of the ASEE and global engineering education communities are invited to submit abstracts for papers to be presented at the 2016 ASEE International Forum highlighting initiatives, projects, research, trends, programs and partnerships
